SUMMARY

Results-oriented Front-End Developer with 4 years of professional experience in JavaScript, Typescript, ReactJS, Next.js13, Redux, Zustand, Bootstrap, Tailwind CSS, RadixUI, Shadcn/ui etc. Skilled in translating Figma designs into high-quality code. A basic knowledge of Node.js, Express.js, and MongoDB.

EXPERIENCE

Front End Developer | Amharc Tech, Ireland | 01-02-2022 (Current)

- Translate design mockups and wireframes into pixel-perfect, responsive user interfaces using JavaScript, ReactJS, Redux, Next.js, and TypeScript.
- Utilize CSS frameworks such as Bootstrap and Tailwind CSS to create visually appealing and consistent UI components.
- Employ React Query for efficient data fetching and caching, enhancing application performance and responsiveness.
- Stay up-to-date with the latest industry trends and emerging technologies to incorporate best practices and enhance development efficiency.

Front End Developer | EverExpert info system, Bangladesh | 01-05-2020 - 01-11-2021

- Collaborated with senior developers and designers to develop and maintain web applications using JavaScript, ReactJS, and HTML/CSS.
- Assisted in translating design mockups and wireframes into functional and visually appealing user interfaces.
- Implemented front-end functionalities and features based on project requirements and specifications.

SKILLS

Programming Languages: C, JavaScript, TypeScript

Web Technologies: ReactJS, Next.js 13, Next Auth, Redux, Zustand, Jest, React testing library, Bootstrap, Tailwind CSS, RadixUI, Shadcn/ui, swr, React Query, React Hook Form, Formik, Yup, Zod, React Hook form etc.

PROJECTS

In my professional career, I have developed numerous projects, and while I am proud to showcase some of them, please understand that due to confidentiality agreements, I am unable to disclose certain projects. However, I am more than happy to provide an overview of some projects I can showcase:

1. Ebaskat - E-commerce Website Development (<https://ebaskat.com/>)

- Developed the front-end of the website using JavaScript, ReactJS.
- Integrated with backend APIs to fetch and display product data, handle user authentication, and process orders.
- Implemented shopping cart functionality, allowing users to add, remove, and update items in their cart.
- Developed product listing pages, product detail pages, and user account pages with intuitive user interfaces.
- Implemented search and filtering functionality to help users easily find products.
- Utilized Redux for state management to ensure data consistency and maintain a smooth user experience.
- Collaborated closely with the design team to ensure the implementation aligned with the provided UI/UX design

2. Microservice Project: Serving SASS

In my current role as a Front-End Developer, I am actively involved in the development of a microservice project called "Serving SASS." This project encompasses four distinct services, each serving a specific purpose within the overall system.

1. POS Sale Service:

- Developed and maintained the front-end of the Point of Sale (POS) Sale service.
- Implemented intuitive user interfaces for processing sales transactions.
- Collaborated with the back-end team to integrate the front-end with the necessary APIs.

2. POS Admin Service:

- Created administrative interfaces for managing inventory, product data, and user accounts.
- Implemented features to facilitate the management of sales, discounts, orders and promotions.

3. Tool Tracking Service:

- Created interfaces to track and manage tools used within the organization.
- Implemented features for checking tool availability, scheduling maintenance, and generating reports.

4. Subscription App:

- Contributed to the development of the Subscription App, a service dedicated to managing customer subscriptions.
- Implemented front-end interfaces to facilitate subscription sign-ups, upgrades, and cancellations.
- Collaborated with the back-end team to integrate with payment gateways for secure and seamless transactions.

3. Magica Maids - Cleaning Services Providers

Website link : <https://magicamaids.com/>

4. Cafe Marmalade - Restaurant Website

Website link : <https://cafemarmalade.ie/>

EDUCATION

- Completed college education with a focus on self-directed learning and skill acquisition.
- Emphasized personal growth and development by actively seeking opportunities to enhance skills and knowledge.
- Pursued independent study in relevant areas of interest, including JavaScript, ReactJS, Redux, Next.js, and other front-end technologies.
- Engaged in online courses, tutorials, and practical projects to gain hands-on experience and practical expertise.
- Demonstrated a proactive approach to learning, staying updated with the latest industry trends and advancements.
- Continuously sought out opportunities to expand knowledge in areas such as web development, design principles, and software engineering.
- Developing a strong foundation in programming principles and problem-solving techniques through practical application and self-study.
